

BOLT Scaffolding

COMMERCIAL RESIDENTIAL INDUSTRIAL

EDGE PROTECTION

Bolt Scaffolding provides scaffold roof & void edge protection to residential, commercial and industrial sectors of the construction industry. Bolt Scaffolding is BAS Approved for works with Qld State Government and holds Ergon/Energex Approved Persons status.

Our experienced team of High Risk Work Licenced scaffolders erect AS/NZS compliant roof edge protection across all sites in SE QLD. A combination of scaffolding and roof edge protection can be erected as per site requirements. Bolt Scaffolding are experienced in insurance repair work and provide handover certificates and completion pictures for every job.
